Redesign Specialist/Support Rep

June 2017–Present

Utilized proprietary designer software to select colors and furnishings for room profiles and layouts, providing virtual interior designs aligned with customer style and color preferences. Researched home furnishings and decor to create and update virtual collections with state-of-the-art furniture and color palette while maintaining cohesive style. Recommended products from customers' designs and drive merchandise sales. Ensured customers' needs and requests are successfully captured in designs by creating a space that guarantees the customer's satisfaction. Collaborated with team members to consult on design and styling projects.

Graphic Designer for the Office of Marketing Communications

August 2016–August 2017

Designed and managed all marketing materials (print and web) such as: publications, brochures, invitations, letterheads, posters, postcards, newsletters, and banner ads, for various USF-sponsored programs, events, and student/alumni associations, while maintaining the brand identity of the organization. Utilized design skills, excellent attention to detail, keen time management and communication skills, a robust willingness to collaborate, and the ability to help develop and effectively pitch creative concepts that appeal to a broad range of constituent groups.

Key Accomplishment: Designed digital/social media ads and promotions (Instagram, Facebook, Snapchat geo-filters), which resulted in doubling the attendance of the USF School of Management Open House Event from the previous year.

Web Assistant for Web Services and Digital Communications

September 2015–August 2016

Provided design services for official university web pages and official email templates (in both WYSIWYG and HTML view). Created, edited, and updated web pages to maintain a branding system across a digital platform, as well as give users a better experience navigating through the website. Responded to client requests via email, provided troubleshooting and general customer service. Interfaced with campus offices to gather detailed information for site updates and email blasts. Edited images for web use, including cropping, resizing, and optimizing for low-file size.
